

Dear Participants and Visitors,

I am delighted to announce that "8th Turkish International Oil & Gas Conference and Showcase - TUROGE 2009" will be held on March 11-13, 2009 at the Sheraton Hotel and Convention Centre in Ankara, Turkey.

The Ministry of Energy and Natural Resources of the Republic of Turkey is aware of the fact that TUROGE 2009 will provide an international business platform to all national and international companies already active and those who are developing their business in Turkey. TUROGE 2009 is a well recognized annual business platform for the regional oil & gas markets.

For the past 7 years, Turkish International Oil & Gas Showcase and Conference has given us an opportunity to welcome high level delegations, meet and discuss existing and future projects such as exploration, transportation and pipeline issues. The exhibition and conference will be the essential meeting point to develop business, meet with high level delegations from Europe and Asia and discuss the current and future oil & gas transportation issues bridging West and East.

Sincerely Yours,

Dr. Mehmet Hilmi Gler  
Minister of Energy and Natural Resources of  
The Republic of Turkey
